Profile

Ever since secondary school, I've been passionate about design as a way to find purpose in the world developing products that can make a difference in people's lives. With my steadfast attitude to get tasks done and develop my skills, I'm always looking to expand my skills and creatively solve unique problems. Now I'm raring to get involved and gain experience in industry.

Education

Brunel University, London 2019 – 2023
(BA) Hons,

- Industrial Design and Technology: 1st

Sixth Form College, Colchester 2017 – 2019
A level,

- Product Design (A*), Statistics (C), Sports and PE (C), EPQ (A)

The Gilbert School, Colchester 2012 – 2017
GCSEs,

- Ten (from grades A to C) including Resistant Materials (A), Maths, English

Part-time Employment

Customer Assistant, Tesco, Colchester

September 2021 – June 2022

In the year, I got some valuable experience in the dairy/meat department at Tesco...

- Initiative used to set daily tasks, prioritise work, and solve problems.
- Hard work to continuously provide goods and quality service to customers.
- Clear communication with team members to adapt day-to-day.
- Helpful and friendly face to help out customers.

Interests and Hobbies

- Read books, attend events, view news and blogs to keep updated around design.
- Dedication and hard work with my daily training around running and cycling.
- Complete personal projects like my 3D printing products, the ottoman storage unit, and learning various coding languages...
- Aim to develop my digital skills around web design and coding through taking courses, like CS50 from Harvard, while creating and updating my portfolio website through behance and Figma.

References: Can be provided on request.

Relevant Experience

Workshop Assistant, GS Contracts, Colchester
Summer 2016

Contributed to the workshop team through daily tasks and responsibilities whenever needed.

- Actively ask specialists in production to understand the key components throughout the assembly line.
- Hands on and learning unfamiliar tools and other mediums to complete tasks.
- Organising inventory and deliveries for continuous, smooth work flow.

Sport and PE Volunteer, The Gilbert School, Colchester

2015

Expressed my knowledge and experience to support events for students and other visitors.

- Help and support visitors during events like open days easier for others.
- Performed demonstrations and talks to deliver an informative experience.
- Accommodate for all audiences by presenting myself as a helpful and approachable person.

University Project - HoT

May 2023

System of products to reduce energy consumption on university campus with thermal imagery...

- Deep literature review of behavioural science
- Sketch, foam, CAD, and 3D printing ideation with user concept testing.
- Functional model with thermal imaging, IoT capabilities, and feasibility study
- Aesthetic model displaying design details, ergonomics, etc.

Skills

- Learnt and actively use software management tools including excel, other Microsoft programmes for documentation and presentations, Miro for group collaboration, etc.
- Well versed in adobe software with InDesign, Premiere Pro, Photoshop, Adobe XD, etc.
- Vigorously use additional design software and web development tools: Blender, Figma, HTML, JS, C, etc.
